

Meeting Notice

Cold-Formed Steel Engineering 101

Please join us for a presentation on the basics of using cold-formed steel to design interior framing, exterior curtain wall framing, and load bearing framing. Our speaker will be Christian Van Nelson from ClarkDietrich Engineering Services. The presentation will highlight some of the information necessary to perform CFS shop drawings, from what to look for from specifications and plans to some of the areas where CFS studs need to have red-iron support. It will touch on communication between the AOR/EOR, GC, and Sub-contractor. There will also be a discussion on the timing and proper review of shop drawing.

DATE: Tuesday, November 13, 2012

FEE: Free to SEARI members or join at the door for \$60.00/year (includes 5 events/year + Structure Magazine) (A special single meeting fee of \$10 for prospective members will be accepted)

TIME: 4:45 p.m. – 6:00 p.m.
(includes Q & A)

LOCATION: Department of Administration
Conference Room B
One Capitol Hill
Providence, RI 02908

RSVP: Please e-mail
