

## Meeting Notice

### Allowable Stress Design of Post-Installed Anchors in Masonry

Please join us for a seminar on Allowable Stress Design of Post-Installed Anchors in Masonry. Our speaker will be Mark Jarvinen, P.E. from Simpson Strong-Tie Company. This seminar will explain relevant qualification criteria and computational requirements for Allowable Stress Design of these anchors, as well as present a design example. Important topics such as anchoring adhesive gel and cure times, and special inspection requirements will be discussed. Knowledge will be provided to properly select, design, and specify post-installed anchors for various masonry base materials.

**DATE:** Tuesday, October 11, 2016
